You understand, I'm sure. With a slippery ex-fiance, an angry father, and a nosy neighbor, Stella is desperate to keep her investigation in line. The Mathematical Gazette 31 No doubt many of us at some time or other have come on this book of Clifford's and, whatever our mathematical level at the time, must have been astonished and delighted by the superb clarity and easy mastery of that long M.D. (1867) volume. I found most of the pieces though not all to be engaging and worth reading. And giving the audience little clues of what the mission was before we realised that the zombie horde was escaping from the quarry.
